Education. opportunity & Leadership

“General Sir John Monash is to Australia what Churchill is to the United Kingdom or Lincoln is to the United States: imperfect humans who risked their lives (and reputations) to leave the world a little better than the one they were born into. In doing so, their lives have become the guiding lights of modernity. To be a John Monash Scholar is both a privilege and an obligation – it is a privilege that allows one to be educated at the best universities in the world, but with that privilege comes the obligation to use that education to fight for a better world, no matter the personal cost nor potential for failure.”

— Chris Raine, 2023 Roth/Segal John Monash Harvard Scholar

It is vital for our nation that we continue to identify and nurture our brightest Scholars and invest in their future. A global perspective and reach will play a major part in enabling them to reach their full potential as leaders.

The General Sir John Monash Foundation is celebrated as Australia’s only civic-funded scholarship, offering unrestricted opportunities for post-graduate studies overseas to Australia’s best and brightest.

As the Foundation aims to transform the country through inspired leadership, The Leadership Academy provides ongoing mentoring and professional development, and maximises the impact of our Scholars, offering a platform for their achievements.

Fruitful partnerships are behind our success, and crucial to fulfilling the Foundation’s mission to build Australia’s capabilities for the future by fostering great leaders. We invite you to join us in our nation building quest.

With your support, we will expand the horizons of our remarkable John Monash Scholars and secure the best future for Australia.
